1. CONUS is defined as the 48 contiguous states and the District of Columbia.

2. Unless otherwise specified, the per diem locality is defined as "all locations within, or entirely surrounded by, the corporate limits of the key city, including independent entities located within those boundaries.

3. Per diem localities with county definitions shall include "all locations within, or entirely surrounded by, the corporate limits of the key city as well as the boundaries of the listed counties, including independent entities located within the boundaries of the key city and the listed counties.

4. Military installations or government-related facility (whether or not specifically named) that are located partially within the city or county boundary shall include "all locations that are geographically part of the military installation or government-related facility even though part(s) of such activities may be located outside the defined per diem locality.

5. The standard CONUS rate of \$85 (\$55 for lodging and \$30 for M&IE) applies to all per diem localities in the State of North Dakota.

6. Refer also to SAAM Section 10.30.20. Exception to the Maximum Allowable Lodging Amounts, for an explanation of the conditions when an employee may be reimbursed at the maximum lodging amount.

**Note:** Recognizing that all locations are incorporated cities, the term "city limits" has been used as a general phrase to denote the commonly recognized local boundaries of the location cited.
